Optional Post Paint Finish*

COLORWAVE™ Raynor's ColorWave™ features Sherwin-Williams® next generation post paint system for your garage door. With 1,500 colors to choose from, home and business owners can couple this elite paint system with state of the art Raynor manufacturing to craft the perfect look for their home or project.

** Not all colors are available in solar reflective paint, colors that are not available as solar reflective cannot be used on polyurethane doors.*

Charcoal, Iron Ore and Black colored steel doors come standard with a Cool Chemistry™ paint finish to protect from extreme heat. For environments where extreme heat and sunlight exposures are constant, black and charcoal colors are not recommended. Charcoal features the high performance PVDF coating (TRINAR® or equivalent). Woodtones available on select panel types. The swatches shown on monitors and printed materials may vary from the actual color. For a true representation of the color, visit your local Raynor Dealer.

RAYNOR GARAGE DOORS

Product Benefits **EXCLUSIVE TO RAYNOR**

WeatherLock™
Raynor's thermally efficient WeatherLock system is designed for the harshest climates. Our proprietary WeatherLock™ section joint has continuous thermal break and air seal between steel sections. This modified tongue-in-groove joint provides exceptional strength, while effectively locking out both air and water infiltration into the garage's interior.

TruBalance™
Doors equipped with our patent pending TruBalance drum system are 87% easier to operate manually and provide you with a peace of mind knowing you can safely and easily manually operate your garage door in emergency situations. This counter balance system comes standard on doors up to 8' high with oversized windows in the top section.

Authorized Dealer Network
When you select Raynor, you're not just getting a superior garage door, you're also getting professional garage door installation and service expertise. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.

NeuFoam™
State of the art high-density NeuFoam™ polyurethane insulation delivers maximum structural integrity and door strength. Combine our state of the art insulation material with our proprietary WeatherLock™ section joint design and you get the industry's most energy efficient door.

Design Center
See what a new door can do to enhance the look of your home in real time on Raynor's Garage Door Design Center. Select from our residential garage door models and customize your design on an uploaded image of your home or a stock photo. Visit www.designcenter.raynor.com to start designing today!

Limited Lifetime Warranty
Dedicated to customer satisfaction, Raynor doors carry a "For as Long as You Own Your Home" limited section warranty against rust, six (6) year limited warranty on hardware, and a three (3) year limited warranty on springs to the original purchaser. We stand behind our workmanship and product and are dedicated to customer satisfaction.

COMMERCIAL Aspen LuxeVue

A perfect commercial-sized companion for the residential Aspen AP200LV doors, this sectional raised or recessed panel commercial door will brighten up the appearance of any building, inside and out. Available in a wide range of sizes and colors, the Commercial Aspen LuxeVue is a great choice for an oversized, classic residential appearance.

DASMA TPV Program

DASMA Door & Access Systems Manufacturers Association International
THERMAL PERFORMANCE VERIFICATION PROGRAM
www.dasma.com/thermal

The DASMA Thermal Performance Verification (TPV) Program is a voluntary program to certify and verify the thermal performance ratings of sectional door products using third-party testing and inspection. The U-Factor on this model is verified through the DASMA TPV Program.
