RAYNOR GARAGE DOORS

Aspen™ Series

AP200LV • Flush • Plank Design Honey Cedar • Clear Glass

Design Choices, Style, Quality

When you are looking for that perfect, new door for your home, look no further than Raynor's Aspen™ Series. With all the design choices Aspen™ offers, you are sure to find the perfect combination that will enhance your home's curb appeal and value.

AP200LV LuxeVue™

AP200LV LuxeVue door by Raynor® combines all of the aesthetic design options of our Aspen™ AP200 line with a dramatically larger top window section to allow more natural light into your garage and increase curb appeal. For complete details on the AP200LV line of garage doors, please reference the AP200LV literature.

COLORWAVE™

Raynor's ColorWave™ features Sherwin-Williams® next generation post paint system for your garage door. With 1,500 colors to choose from, home and business owners can couple this elite paint system with state of the art Raynor manufacturing to craft the perfect look for their home or project.

** Not all colors are available in solar reflective paint, colors that are not available as solar reflective cannot be used on polyurethane doors.*

Charcoal, Iron Ore and Black colored steel doors come standard with a Cool Chemistry™ paint finish to protect from extreme heat. For environments where extreme heat and sunlight exposures are constant, black and charcoal colors are not recommended. Charcoal features the high performance PVDF coating (TRINAR® or equivalent). Woodtones available on select panel types. The swatches shown on monitors and printed materials may vary from the actual color. For a true representation of the color, visit your local Raynor Dealer.

Product Benefits Exclusive to Raynor

WeatherLock™
Raynor's thermally efficient WeatherLock system is designed for the harshest climates. Our proprietary WeatherLock™ section joint has continuous thermal break and air seal between steel sections. This modified tongue-in-groove joint provides exceptional strength, while effectively locking out both air and water infiltration into the garage's interior.

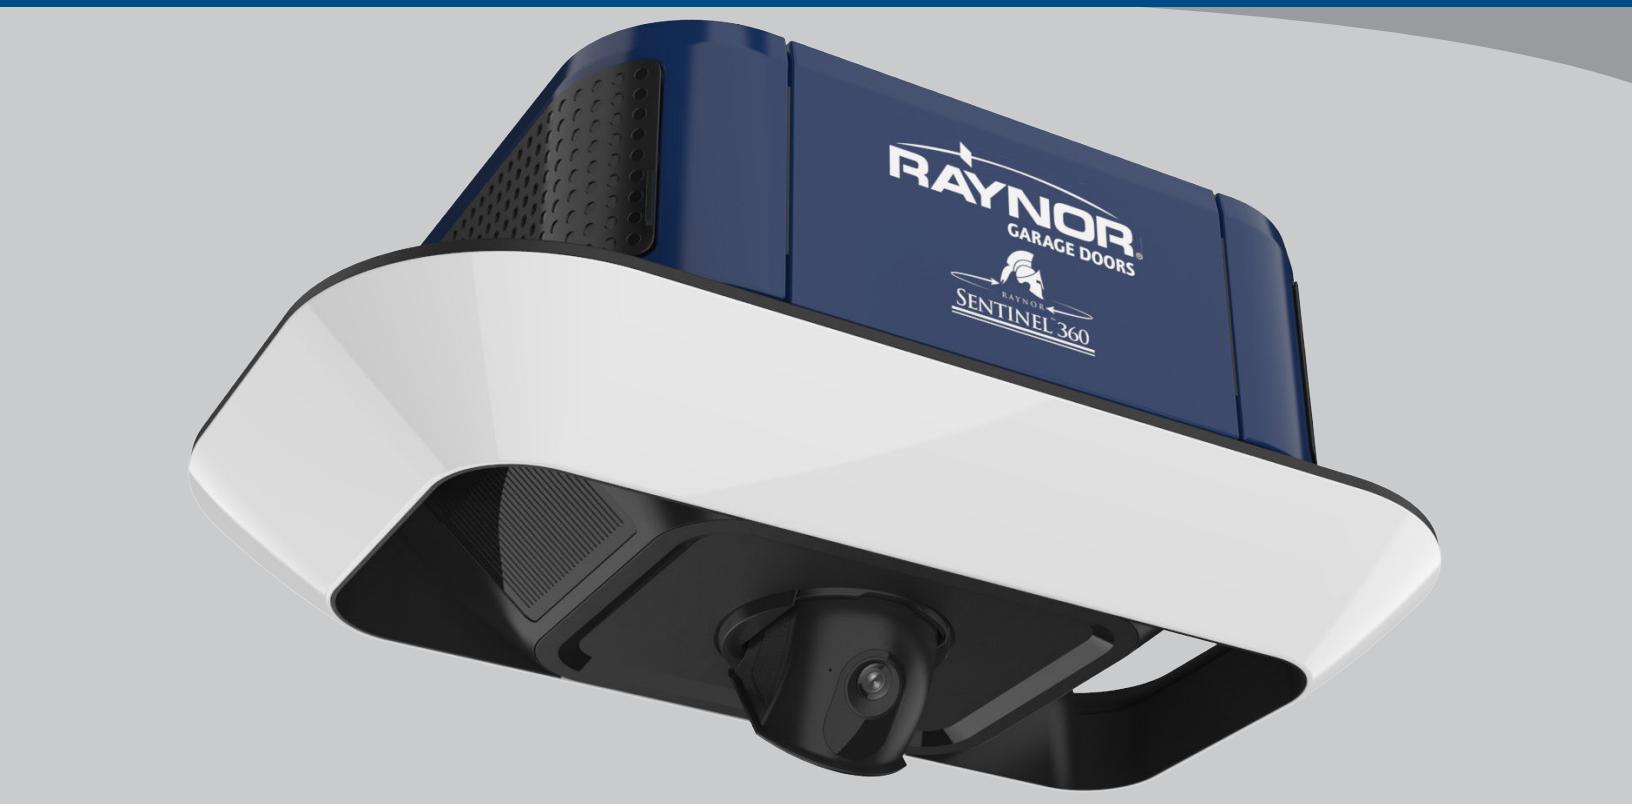
TruBalance™
Doors equipped with our patent pending TruBalance drum system are 87% easier to operate manually and provide you with a peace of mind knowing you can safely and easily manually operate your garage door in emergency situations. This counter balance system comes standard on doors up to 8' high with oversized windows in the top section.

Authorized Dealer Network
When you select Raynor, you're not just getting a superior garage door, you're also getting professional garage door installation and service expertise. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.

NeuFoam™
State of the art high-density NeuFoam™ polyurethane insulation delivers maximum structural integrity and door strength. Combine our state of the art insulation material with our proprietary WeatherLock™ section joint design and you get the industry's most energy efficient door.

Design Center
See what a new door can do to enhance the look of your home in real time on Raynor's Garage Door Design Center. Select from our residential garage door models and customize your design on an uploaded image of your home or a stock photo. Visit www.designcenter.raynor.com to start designing today!

Limited Lifetime Warranty
Dedicated to customer satisfaction, Raynor doors carry a "For as Long as You Own your Home" limited section warranty against rust. Upgrade your hardware and spring components to the EnduraCote™ options which warrants all hardware and spring components against defects in material and workmanship for as long as your own your home.



Garage Door Openers & Smart Accessories

Raynor offers a full line of residential openers, featuring a variety of horsepower and configuration options. All of our operators feature myQ™technology, a patented, two-way communication system that allows users to open and close the garage door and manage other household devices from anywhere in the world via a Smart Phone. Ask your authorized Raynor dealer about our residential openers, and select the ideal Raynor opener for your home.

Raynor also offers a full range of smart accessories to enhance the safety and security of your home and garage! From smart cameras that easily mount to your existing opener, to smart door locks for your main entrance, Raynor's got you covered! With Raynor Smart Accessories you will have peace of mind from anywhere, knowing the entrances to your home are secured!

myQ Video Keypad
The myQ Video Keypad allows homeowners to monitor and control access to who is coming and going from their home in the myQ® App anywhere, anytime!

Smart Keypad Lever
The Smart Keypad Lever brings keyless entry to doors with no deadbolt, allowing you to lock, unlock and view door activity in the myQ® App anywhere, anytime!

Smart Touchscreen Deadbolt
The Smart Touchscreen Deadbolt replaces your existing deadbolt with a slim, key-free deadbolt with a touchscreen keypad, allowing you to lock, unlock and view door activity in the myQ® App anywhere, anytime!
